In this series, explicit examples model the behaviour that will be expected from children throughout primary school. Children will discover what sort of behaviour is expected, but also how they can always ask for help if they need it.

KIDS' SAFETY

As children grow, their curiosity about the world can sometimes expose them to dangers. This series will provide children with strategies for responding to situations in which they feel unsafe, worried or upset. Recognising when someone else needs a helping hand, and knowing what to do in an emergency, are also vital skills that children can learn as they grow into citizens of the future.

Phonics reading practice with fun, non-fiction content

NOTES FOR TEACHERS AND PARENTS

- **SPEED:** Give children time to break unfamiliar words into their individual units of sounds.
- **DECODING:** Support them in combining the different sounds to create the word.
- **SOUNDING OUT:** Give help with 'sounding out' when needed. Take note of sound groups that need further practice.
- **SIGHT WORDS:** Sight words should be learned without needing to sound out each time.
- **FINGER READING:** Using a finger to follow along the line of text can help beginner readers.
- **IMAGES:** Talking about the images will help improve vocabulary.
- **TRICKY WORDS:** Let the child know it is alright not to know all the words.
- **PROGRESS:** Ask the child to read aloud so you can check their progress.
- **READ TWICE:** Ask the child to do a second reading silently.
- **COMPREHENSION:** After reading, ask the child questions on what the book was about.
- **ENJOYMENT:** Make reading a fun task and not a serious chore to be avoided.
